

20th March 2022

Today is the beginning of our Christian European Spring, 33 days of celebrating life and death (our existence), war and peace. We celebrate our struggle and fight for our survival, freedom and happiness.

20th March is the vernal equinox... a perfect balance between day (light) and night (darkness) an end and a new beginning... Please study what the vernal equinox is... From at least five (5) different sources and learn all about it. So today is the first day of our celebration of 33 days. It is an end and a new beginning at the same time.

From today, 20th March until 22nd April, if you are a United Christian European you must dedicate those 33 days to the Spring Festival/Celebration and to politics and diplomacy... To repairing/restoring the world... To bring peace and balance in the World.

To Christian European Unity and Peace... To the balance of life and death.

20th March is the perfect balance between darkness and light (equality). That is why you must promote all the achievements of all European People World Wide and all of their achievements of all times (WAR and PEACE)... past, present and future for the whole 33 days, everyday. Don't ever forget this.

In these 33 days in remembrance of Joshua of Nazareth, from 20th March to 22nd April (beginning in the year 2022 for the next 6000 years at the least of it). I pray to God/ Nature/ Universe/ Cosmos... and ask all the people of the world to bring peace in Ukraine against Russian aggression and to stop the war. Good luck to you and may God/ Nature bless you and your family wherever you are... In Europe/ America (or anywhere else in the world) and in Free Human Democratic Unity.

One more time... good luck to you and may God bless you in all the good that you do and that you want to achieve in this WORLD WIDE WEB/ NETWORK of people... in European Christian Humane Democracy.

Please promote this website in a maximal way (through family, friends and associates/ colleagues/ coworkers), in order for us to reach unity despite all superficial/ semantic/ denominations differences. We need World Wide Unity in human communion.

Until next time, with respect Robert Freemann.
