

The Protector

Any Protector needs a Protector... Every Protector/ Warrior (unless he is engaged in an honor match, one on one combat) needs to have another Protector (or other Protectors... a team, more than one) to watch his back, his blind side... all the time. Why is that?... You may ask... I will give you a few of the most important reasons as of why.

1) First and foremost is the fact that if you are a Protector (Son of God) it means that you will fight (to battle) with the "Evil Ones" and represent a higher more correct/ clear common good (a more Universal Truth) in the interest of the evolution and existence in truth of humanity... It means that you will come in direct (spiritual or physical) conflict with "The Fallen One's" (the Son's of Satan), "The Corrupted Ones"... and please remember, they will never fight or enter in a direct correct competition... in a correct/ honorable type of way... They will always use "dirty tricks" like poison, like stabbing you in the back, like superior numbers (quantity over quality), like lying, deceit, mirage/ illusions, infiltration/ betrayal, sabotage, etc.... They will always hide in secrecy/ darkness and order/ send their many minions... "legions of them"... against you... They will tell you that the game/ match, competition is correct... But the game will always be rigged by "secret" design, by them... Never shall you expect an honest system or an honest mistake on their part... Remember they will always make good sounding promises. But they will never keep them (by design, by intentions)... We have thousands of years of historical testimony that prove this... Betrayal, lies and deceit are some of their favorite methods of stopping the good people and/ or the protectors/ heroes/ martyrs/ saints, etc. Study history and reality and you will see how they work... Facts not science fiction... This is the truth not "his story".

That's why "they" seem almost unbeatable. That's why almost all (many, not all) historical Protectors have been killed/ sacrificed by them in the last few thousand years... but not in vain... The dead (and the surviving Protectors) have always won some battles and rights for people (human universal rights), by sweat, blood and pain/ sacrifice (thinking and effort/ physical action). By altruism and truth. By love of All Life...

2) Every Protector needs another Protector (Protectors as in a team/ community), at a minimum. In order to never fight alone (surrounded) against the "many minions of Satana". Don't fall for that trick: "come fight alone in an honorable way"... "Because don't worry we will come many to massacre/ sacrifice/ en-prison/ en-trap/ execute you... and we will get to write/re-write the story/history the way we want... after we will eliminate you..." Don't fall for that trick ever... Be careful. If you are a Protector unite your self with other Protectors in alliance, in a small group and/ or in a big group/

movement before getting in a fight with the Sons of Satana. Do you understand? Don't fight alone, unless you have no other choice.

3) If you “fall” in fighting them... we must know... by the normal people (witnesses), by other Watchers/ Protectors... so you will not be forgotten... so we can make you a Hero, a true Martyr... Ultimately we must make them pay. Please Observe and Protect/ Help the active fighters/ Hero's around you.

4) The Law of the Protectors is this... Reciprocal. Equal action-reaction, equal cause and effect. We will pay you back in kind and in totality... in full measure... sooner or later... So if you are a Son(s) of Satan... somewhere... somehow... we the Protectors will pay you back in kind fully...

5) For all of those reasons, all the Protectors of nowhere and of everywhere... must watch the nothing and the everything... always and forever... must always spring into powerful/ determined/ intelligent/ wise action in order to set the wrong right everywhere. Don't ever allow the supremacy/ domination of the Son(s) of Satan, “the false one's” in this world to exist unchallenged by truth/ reality, by justice. Minimize, diminish their power now as much as you practically can. Beginning in full force from right now (2020-2022). Do your best to fight all the wrong in the world beginning right now. So be it.

6) Every Protector needs a Protector(s). Remember that... Human or Divine. We must unite. What are you waiting for? Do you need a special invitation? Come to me now... in All Life.

7) I have a blessing and a curse for you... If you are a Protector/ Watcher... a fighter for true good... I bless you forever (I am with you). If you are a Son of Satan... I curse you forever (I am against you)... So be it.

8) I am the bringer/ announcer of the 8th day, period of time... the 8th day (Nature/ Gods day-period of time on our planet/ existence/ evolution). The 8th Day will bring an end and a new beginning to this World... It will bring the Law of Nature/God to Mankind and the Planet Earth... with Retribution... Rewards... Punishments... in full force... for whatever and everything that you think and do... for everything that you have done/ do or that you shall have done and didn't do... Remember/ Understand... for what you have done or do (past, present and in the future times)... for what you have not done or do... The Judgment is upon us... The Times ahead will be turbulent one's (this is an understatement)... Time has no more patience with us... The Apogee of those Times has

begun some time ago and they will end (for many in a tragic end) and for many with a glorious beginning (for the survivors). If we play our cards right (by right thinking and right effort/ action) and if we are lucky in Divine Power/ Law of Nature this period will end in approx. 2042...

But only if we do not auto-destruct our self (humanity) in the mean time, from now on (2020-2022) to then (approximately 2042)... Do you understand?

We are all here to do our part in those times (of war/ conflict... plague/ disease... famine/ hunger... inequity/ corruption... and the conflict of Civilizations/ Nations... and so on). WAR and PEACE... LIFE or DEATH... I hope you can see with your own eyes the present situation in the world right now (2020 to 2022). From 2042 ManKind/kindred will become again (like the/our Ancient Forefathers), If we do not auto-destruct (in the mean time), a conscientious Co-Creator(s)... in communion with Nature/God... It, humanity, he/she (male and female) will evolve conscientiously... towards something more... in Nature/ God.

This will not happen by technological trans-humanism. Trans-humanism is a dead end street for human evolution... a delusion. Time will show you the truth.

A good question, for you the reader, just about now, after you have read all this, is:

What is going to happen to us (including you) in this next 21 same years, from the "Corona Politics"-2020 AD... Human Rights restrictions/violations... economic disasters... WAR in UKRAINE... Russian aggression/ interests-2022 AD... International Corporations conflicts and interests... China Interests... Arab interests... India/ Pakistan interests... American Interests (white people, black people, etc.)... European People Interests... Jewish People Interests... Africa black people interests and many other major conflicts of interests world wide, etc., until 2042 A.D.???

Think about that.

The next realistic question will be; Who is going to die/ perish and who is going to live/ survive through the coming events in the next 20 some years?

Next question for you, is this one: Do you want to live or do you want to die?

This is something else... Do you believe?

To be or not to be? Free choice? Will power? What are you going to do?

If you don't believe me, watch and see... Probably you will become a believer...soon.

Lessen, as you consider all of those conflicting things/ thoughts/ situations (even if you do not have definitive answers yet) I want to ask you, and even if we do have many divided opinions and ideas on many issues (confusion)... Even then... I want to ask you to ask your government to help Ukraine (SOS UKRAINE!) in arming themselves with fighter jets, tanks and any offensive type of weapons/ arms that they need in order to repel and fight the Russian war of aggression... So be it. Until all the Russians go back to their own country. So be it. And all of Ukraine becomes Free and Democratic. So be it. At this point and time we need to stop Tyranny everywhere we can... including in Russia... and in our own countries. So be it.

After we succeed together united in this we can continue to try our best to correct all the inequities/ corruption world wide. In the mean time, please continue to try to learn as much of the truth as you can and take care of your family, friends, community and so on... on-up... all the way to the planet, Nature/God. Do this if you want to live.

Attention. In conclusion of this letter, if you have read the whole site and you are in agreement and sympathy with most of the truth that I describe... if you perceive and understand the situation and events that are happening right now around the world and if you do want to be, or to become an active agent of good and truth in this world, I want to invite you to join me in a coordinated free-minded unity in my small, informal group/ organization. So, please consider this an informal invitation to join my free and democratic informal movement. If you do decide to join me (Free Mann) you will know what to do.
