1st) Are you Christian(s) in values and inspirations? Or is your “denomination” more important to you? Catholic? Protestant? Orthodox? Or Other type of Christian? Will you KILL and/or dis-consider/devalue other Christians in the name of Institutional Religion or for your Nationalism/ Imperialism? Have you read/ searched the bible for yourself? Have you learned something from it? Or you take the interpretation of another person (priest/ adviser/ teacher) at face value as unquestionable truth? Does Christianity divide you from the other original (pre-colonialism) Christians of the world...? Or it helps you unite with the other Christians? Are you united or divided within the European/ American Christian reality/ existence? Are you united or divided?

Who are you? What are you?

4th) Americanism? Corporatism? Imperialism? Racial and biological reality? Politically correct fantasies/ science-fiction? Corona politics? Trump politics? Putin Politics? War?

The west? The establishment? The Jewish question? The Jewish religion and social politics? Islam? Christianity? Judaism? Zionism? China? India? Africa? The Arabs? The Middle East? The Iranians? The Turks? Are we united or divided? What do you think? What happened with the Christians from the Middle East and North Africa??? Are they all dead?

5th) Power of the Corporations in the Modern State? Multi-racialism? Multiculturalism? The billionaires? Drugs? Alcohol? Decadence? The normal working population? Broken families? Broken/ destroyed social/ cultural norms and traditions? Dog eats dog type of mentality... life? Materialism? The political parties (as gangs)??? Animal-ism? The police and armies as mercenaries? Hunger games? Fear? Terror? The plague... pandemics? George Orwell's 1984 much? Wars? Demonstrations and social unrest? A multitude of problems? Economic crisis? Social crisis? Negative Nationalism (optional)? Positive Nationalism almost non-existent? Invasions/ illegal immigration? War and economic collapse of entire countries? Millions displaced? Entire invasion armies composed of hungry/ hurt/ traumatized/ suffering/ displaced people (refugees)? All the displaced (refugees) are transplanted/ directed towards Europe, America, Canada, New Zealand and Australia. Why is that? Are we united or divided? Or we are just plain stupid?

6th) Corona pandemic/politics? Human rights restrictions/violations? Forced vaccination with mRNA technology? Genetic modification? Biologic/ genetic weapons? Trans-humanism/ cyborgs? Nuclear weapons? Artificial Intelligence? Armies? Prisons? The Corporations/ Governments of America and West-European countries... plus Israel, are central to all of those things... It is visible (in international politics)... But always against the will of the population... always. Kidnapped Democracy used against the common will of the majority, by a chosen "few" elected/ un-elected "actors/ agents/ players". And now (after Corona Pandemic/ politic devastation) "Big War" in Europa. Christians killing Christians? Putin/Russia attacks Ukraine. Ukrainians defend themselves? Europeans are killing Europeans in a geopolitical game between Washington/ America and Moscow/ Russia. Basically Christians are being forced by circumstances... by some politicians to kill Christians. I say forced because the normal population does not have mostly no say so in the matter. This is the truth. Facts are facts. First the Pandemic Politics then the Big War... Are you/ we united or divided?

By reading points 1 through 6 you cannot deny (if you are a normal family working productive person), believer or nonbeliever, that everything that I have presented so far is truthful even if I have not been able to cover everything in totality. One small example is the fact that I didn't cover at all the fact that those that control the ownership of all mass media/ internet (a few... very few people) including the movie

and music industries have total power over the minds/ fantasies(?) of most people on the planet. Exception being only a few individuals 1-2-3% of the people/ population that have trained themselves in critical thinking most of their life. So if we create a spectrum from true free thinking persons (freemann? or freewoman?) to totally conditioned persons in small/big false believes of reality (ignorance, lies, deception, illusions, mirage)... I believe that generously speaking approximately about one in three/four people (20-33%) can develop in one to three years a strong life strategy/ logistics in a higher reality, critical thinking in order to influence the other 60-70-80% to live in an evolutionary positive reality. In order to do that, those 1 out of three ($\frac{1}{3}$) people of the population must use some kind of social pressure/ influence on the rest of the people in order to break the spell/ mass hypnosis. United or divided? This is the limit of Democracy... that I mentioned in another letter/ article.

That means that at least 10% of the people must first become aware of the problems and of the possible solutions in the first stage in order to reach a critical social mass movement of ($\frac{1}{3}$) of the people from a population. But, don't forget, that at the same time that you want to wake up people in real reality... those that influence/ control them will try to stop you... and they will provoke and order the "zombies" to attack "the living", just like in a movie. Because every (conditioned) man or every (conditioned) woman is "defending(?)" his or her own defensive bubble/ mental prison, life/ job, decadence, false perceptions/ perceived interests, etc.. United or divided? Intelligence or ignorance? Which option do you choose? Life or death? To be or not to be?

Every little piece of land on earth depending on the behavior of the local people/ community can be a "little hell" or a "little heaven". But if you build a little heaven... (watch out) that little heaven will become prosperous and the people will become "civilized, soft – decadent(?)/ vulnerable" to the "infiltration – attack" of the "little hell people" next door (aka. The next warrior – killer, thugs, robbers, con-men, predatory-parasitic people/ culture). The lesson is that if you with your people can build a good prosperous egalitarian community/ heaven, you must from the very first inception build an army/ defense system in order to defend it in every and each generation (the community/ heaven). And if you have not done it yet then you must do it now... beginning in 2022... Otherwise the hungry/ angry/ unhappy men next door (or from inside of your own society) will band/ gang up and infiltrate/ attack you... By building and/ or accepting (if they already have the philosophy/ religion) for themselves with a false value system/ religion/ philosophy of so-called conquerors/ parasites, etc. system/ "religion"/ "false science", philosophy... politics... In order to better attack/ exploit/ victimize you, your family and your community by war/ infiltration/ parasitism/ depredation/ exploitation. The conflict between the Predators/ parasites versus the

normal working people is happening everywhere right now... The lesser humanity wages war on the higher humanity. The lesser humanity is trying to kill the better humanity of right now, at this juncture in human existence (2020-2022). BE AWARE! Do you understand? Are you united or are you divided? Divided and conquered!? You tell me.

When that happens (the infiltration, depredation, victimization, exploitation of the normal people, etc.) by politics and/or war, the value system of the normal people becomes truly corrupted/ changed/ transformed. Because from that point on, victimization's/ rationalizations and daily exploitation becomes the "new normal", aka. the "New World Order"... the "New Normal"... in an aberrant "new" reality, etc., type of way. The last 77 years? What do you think? Please tell me.

In conclusion we are divided in three major parts and a few smaller fragments/ nations.

1. Europe divided and conquered... fragmented... corrupted (not too many weapons).
2. America divided and conquered... fragmented... corrupted (lots of weapons).
3. Russia divided and conquered... fragmented... corrupted (lots of weapons).

Those three parts of the European people are thought by their own leaders (in hidden perverted secrecy) to fight and compete with each other in an aggressive hostility type of way, or to lay down and die... as if we are not brothers... from the same father and mother... From Our Common Ancient Ancestors, as well as our common contributions to each other and humanity. By doing this "game" they have always kept us oppressed, repressed, poor, without rights, down, under their control... dying... in human exploitation by work... hostility... war and under threat, vulnerable to the outside world. Everything (by intention) in order to weaken, minimize, diminish us. Do you see? Do you understand?

Do you understand? Nothing is done by mistake. Everything is planned and executed by strategy and logistics (short, medium and long term).

Who are you? Biological reality? Ideological reality? Are you real?... Or are you what somebody else (an expert/scientist/ politician/ billionaire/ psychologist or a priest person) tells you that you are? Can you look in the mirror and begin from there? Were you born communist/capitalist, religious, non-believer? Were you born with a gun or axe in your hand? Or did you come into the world "butt naked"... with nothing... just like everybody else? What happened to you? Why are you so afraid? Do you think that you

will live this world with your material wealth on you? Don't you realize that you come into the world with nothing and when you will live it, you can not take any material wealth with you? What is important to you in your life? Quantity or quality? Truth or lies. Love or hate? To be or not to be?

Please think deeply and profoundly about all of those thing/ thoughts and try to change your life for the better... Don't waste your life... and don't let others steal or waste your life... your family's life... your children's life... your community/ heaven life... Why think/ perceive and experience life as an animal?... When you can strive to become a human being full of All Life...? Read all my letters, study and investigate all the little things/ thoughts/ words/ ideas in them “here”, “there” and “everywhere”, and you will find your way in truth...in reality... in existence... Trough thinking and effort among other things... that's for sure. Facts not fiction...

In the next letter/article I will give you some of the answers to some of the questions from this letter/ life. But remember this... all truths are like the pieces of a puzzle. You must search/ investigate and collect them in order to complete the puzzle... the big picture. Remember this, the Big Storm/ the Big War that is upon us all will create/ build Immortals and Titans that will live forever... Mystery of mysteries... But also many poor, suffering and dead people. You have a choice. The 8th day has begun (two years ago? More or less)... in the all consuming fire/ conflicts... Like the Phoenix from the ashes we shall rise... forged by the fire/light of truth/ reality... in hell and in heaven... courage... thinking and effort... action is the way... In All Life... In Being and Becoming... Good luck to you.

Imagine what we can do to help restore humanity and the world if we are united. Think about that.

Until next time, with respect Robert Freemann.
