SOS Russia
SOS EUROPA

War in Ukraine! Russia, a Christian country/Federation, under the control of Mr. President Putin and his “friends”, advisers, teachers, etc., have decided to attack Ukraine (and it seems that he would also like to attack even many more other Christian/European countries by his own statements!?) If we listen to his statements) in order to destroy and decapitate first the political and cultural will of the entire nation/ people of Ukraina. For him 43-44 million peoples free wills and free choices do not matter at all... in his own mind. What do you think about that?

So Mr. Putin, at the young age of 69 has “decided” that, as an “old man” he would like to try to become like some kind of Alexander The Great, a conqueror of the world (UKRAINA? Europa? USA?, etc.). He thinks that he can make Russia Great Again (the same as Donald Trump wanted to Make America Great Again in his speeches) by smashing 43-44 million people in Ukraine, by force, by TYRANNY, by forced “Russification”, by killing people... By war. By ignoring the true Orthodox, Slavic, European/ Christian values. He thinks, that at 69 years of age, after countless human abuses against the normal democratic working people of the Russian Federation... by building a strong “Beast Terror System” in Russia, in the eastern parts of Europe can fight or equal the “Great Beast System” of America and of Western Europe with its Banks/ Corporations/ Controls, etc.. In other words, he does not seem to understand and/ or care after more than 20-30 years of great worldly power with so much information at his disposal and with so much land, resources, and the great human resources of Russian, Ukrainian, Romanian, Polish, German, Jewish, Latvian, Lithuanian, Estonian, etc. people at his disposition (within the Russian Federation) that you cannot copy nor stop the “Great Beast System” by becoming part of it... By killing and torturing/ imprisoning the population... This is his fall... A trap... A great error of judgment on his part (or he actually, secretly desire the destruction of many Orthodox Christians?) Who knows the truth?... Who knows what is in his most secret inner mind? It is important to observe that at almost 70 years of age he has signed his own “death warrant” (12 months maximum?) and his own historical “shame warrant” as a legacy (knowingly?/unknowingly!?) for all of human history... By the relentless drive of his own super-ego (personal ambitions at any cost). If he was thinking better and more clearly of the Communist Ex-Soviet Union history... He shall have learned that Communism was the work of Saitainai and his minions... like Stalin among other people... and is not organic... nor invented in Russia... He shall have learned and observed that it is a system written/ invented/ created in Germany by Friedrich Engels and Karl Marx in 1848 under

the auspices/ command of the "Communist League" a so called humanitarian organization(?) of that time which was itself financed by "mysterious powers" with lots of money... just like the biggest humanitarian[?] NGO's of today... "Communism dogma" is totally foreign to the European People...to the Culture and Values of all Latin, Germanic, or Slavic people... Communism dogma is actually meant to destroy the Slavic, Germanic and Latin people of Europe and all the people of the world. Think about that: Communism = Saitainai System/ Satana. Pure exploitation materialism/ nihilism, etc., by an all powerful state (The Modern State).

He (Mr. Putin) should have understood that Modern Capitalism and Modern Communism are opposite sides of the same coin/ poison/ lies. A system of inhuman total control that exploits and destroys people under two (2) different disguises and seemingly in opposition to each-other (which they are not). Both of them desire to take all property and freedoms of the great majority of the population and to put it (all the power) in the hands of a few tyrants. Be aware! Think about that.

Listen Mr. Putin, the Ancient European Culture of hard working egalitarian people of the European communities believed in a village of similar sized houses where everybody was of value to their own community and where every patriarch (head of the family) was an owner of his own house and some land... Each family was important. These villages respected individual rights and individual preferences a lot... but when they did need to make big decisions (war, division of land, or justice)... The "counsel of the elders" (will get together) from that community, together with the community, would decide for the whole community by listening and considering everything under the "laws of the land"(our laws, our culture). So as you can see it was an informal elected democracy in the ancient European community/ society long before the foundation/ invention of the Modern Mafia State. That's why you shall have promoted Human Democratic Rights and Anti corruption/ Anti monopoly laws in Russia from the very beginning of your political career as much as possible under the political circumstances of that time until now... You should have dreamed to restore the European culture, European democracy, European Humanism and true Christian values in the context of truth for the Russian people (Slavic and non-Slavic people), for all Slavic, Latin and Germanic people (of Europe) including the ancient people of all of Euro-Asia... in strength, productivity, cultural positivism, etc. You shall have promoted what is better in humanity by true Human Rights...You (in reality) have actually done a very "tricky politics" from the very beginning of/ by destroying some "corrupt people?" (your political democratic competition/ opponents) as an example for the people to see (to make good points with the innocent population and for them to fear you, The Show) and then you put other, even more corrupt people (from your own insider/ inner

group) in charge/ over the people and wealth of Russia in a greater tyranny/ control... exploitation by a stronger “police/ mind police/ intelligence/ army”, etc...It’s that not so? Where is now the wealth of Russia? Who controls all that wealth that all those people/ Nations, that you want to attack now, have contributed in the last few hundreds/ thousand years in the creation of modern Russia. By sweat and blood... by great human sacrifice... How do you repay them?

You should have not always tried to bully the Romanian, Hungarian, Polish and Ukrainian people as well as the rest of Europe all the time... You should have tried to help your own people first (The Russian People)... then all of your Christian European neighbors and people... Remember that, we, the European Christian people are only about 15-25% of the people of the world population depending on how you look at it, or count us. For me your behavior and decisions to keep us down and to diminish us (European People) is highly suspicious. And the fact that you search for alliances (military/politic) outside of Europa all the time (mostly with non-Christian people against the Christian people)... Something is not right in between what you are saying and on what you are doing... With your mouth you are saying one thing and by actions you are doing something else. What’s up with that???

Do you really think that if you attack the Ukrainian, Moldavian, Romanian, Polish, Hungarian, Czech, Slovakian, Latvian, Lithuanian, Estonian, Swedish, German, etc. people or the countries of the Caucasus Region you will make Russia great?... Even if all of those people will mostly live a miserable life under an inhumane occupation/ terror? Russia is a conglomerate of European people mostly that have contributed for millennia in the human common aspiration of a Natural/ Godly existence under the attacks of many bad people (Saitainai)... in the last 6000 years. Think about that.

Do you think that if the Christian Orthodox Slavic people become like the Mongols in their war/life values... like Genghis Khan, etc. they will be better Slavic people?

Mr. Putin, I am not for smashing nations... I am for many independent nations. Think about that. I am for the independence of all of European People... Latins... Germanics... including all the Slavic People Nations/ Tribes... Beginning with the small countries... Like Armenia, Romania, Bulgaria, Swedish, Latvia, Lithuania, Ukraine, Hungary, etc. Do you know why? If the smaller countries are independent to exist and co-exist it will mean that all countries will be able to collaborate and presume/ pursue a better life in humane democracy and hopefully in unity... That's why.

So please give the order immediately to your armies (armed forces of occupation in Ukraina) to retreat and let the Ukrainian people decide for themselves their own life and destiny... If they decide to sell out to the billionaires of the world, you cannot stop them! Make peace immediately... Be the bigger man... If they decide to embrace a more correct life and to respect all people in Humane Democracy and in true Christian European Values including all their neighbors it will be great...

For the Russian People shall be the same challenge that we all have...to struggle and fight in order to survive, be free and happy in correctitude and High Human Christian/ Human Values...not in Communism-ism, Capital-ism, Animal-ism and Materialism, Satanism, etc. For example we desire Christian Values not Christian-ism (or empty rituals) as in a Tyrannical Church Institution. We are tired of tyranny. Do you understand?

Now even if you do get mad at me Mr. Putin, I want to ask all European and Christian Nations/ people, including the U.S. of America to help Ukraine with everything that they need to defend themselves against Russian invasion, aggression. SOS Ukraina... Help Ukraina now... with weapons/arms/missiles/night vision/ thermal vision gear, and everything that they need to fight... Ukraina must win in the defense of their own country. Bring help and true democracy with respect for others to Ukraina. But you Ukrainian people must respect all your neighbors and True Humane Democracy/ Christian Values... You are composed of many ethnic groups... so respect all of them if they are not parasitic and predatory. And fight also against corruption from everywhere... Understand?

Mr. Putin from now on you will not be able to stop even the Russian people in your own country from fighting for human rights... They will fight beginning now in 2022 for human rights, for democracy, in a way that you have never thought possible. They will fight and win... The Russian and Ukrainian people will help unite the European people and they are going to be part of the Great European Community for their own survival, happiness, freedom, destiny and so on. So be it.

In conclusion I want to say that all the European People shall work together in order to create, in all, small and bigger countries (military service and arms industries)... the total means (by producing and arming themselves) in order to defend all of Europe and all Christians people world wide. We must unite ourselves in Christian Values and in Humane Democracy in a big alliance of all the European People and their descendants all over the world. It is about survival, freedom and happiness... To be or not to be? Do you understand?

Creators... free thinkers (spiritual leaders and teachers)... engineers... warriors... workers... fathers/ husbands/ grand-fathers and mothers/ wives/ grand-mothers of Ancient and Modern Europa (including all their descendants whatever they are right now)... I call on you (SOS) for your help... that together with your sons and daughters please rise and unite in our hour/day of need (now in 2022... Corona plague, human rights plague, economic plague, and war against Christians everywhere including in Ukraina) in order to change the world... Beginning with us... in Christian/ Democratic Humane European Values... and emanating from us... to the rest of the world... to all the other peoples of the world.

I will also ask all the good people from all other religions and/ or humane philosophies (including the Jewish People and Islamic People) to participate actively in the reconstruction of mankind and the world.

Do you understand what I am asking you?

First, you must overcome your own inner corruption from inside of yourself.

Second, you must overcome the corruption from your own religion/ false believes, from your own family, from your own house, from your own job, from your own community and only then you can repair/ restore the rest of the world. Begin with yourself first... Think about that.

SOS UKRAINA... SOS RUSSIA... SOS EUROPA... SOS AMERICA...
STOP THE WAR NOW! STOP THE CORRUPTION NOW!

European people from the Atlantic all the way to the Pacific unite and rise your self from your sleep of death and walk in ALL LIFE... May Guiding Force/ God bless you all... Rise from the Fall of Man in the light of truth... Wake up!

Until next time, with respect Robert Freemann.
